Player profile:	22-Year-Old- 6'2 Goalkeeper based in Worcestershire (West Midlands). I have a lean, athletic physique- I command my box well and in addition have been praised for adapting to the modern goalkeeping trend by becoming a sweeper keeper who is capable of playing out from the back and distributing the ball accurately. Since Junior football I've always been known for my good shot stopping ability and as my video shows I have the potential to pull off match winning saves for my clubs and win vital points. During my junior football, I spent time with Birmingham City and was fortunate enough to work with Southampton and former England Goalkeeping Coach Dave Watson who taught me the basics. Most my senior football has been spent with Semi Professional Club Redditch United competing for the jersey and working with numerous high profile goalkeepers.
