UCSB (College, MLS) I was in college and finish my degree, also playing with UCSB Men's soccer, a top ten college team in the US. Due to the fact that my family insisted on completing my education, I declined an offer to sign with Coventry FC IN 2013, However I am now available to play and travel as I am completed my degree Sporting Kristina Upon arriving late, the team was facing a relegation battle and needed a strong center back to lead and make sure that goals where kept to a minimum. I can say that from the time I have been here we have won all seven games and also getting a few goals to help the team.
